

**GEORGIA CROP IMPROVEMENT ASSOCIATION  
ORGANIC CERTIFICATION PROGRAM**

Addendum Re: Organic Livestock

All livestock that are produced for sale as certified organic must be in compliance with the following:

- NOP 205.236 Slaughter Livestock
- NOP 205.238 Livestock Healthcare
- NOP 3012 Interim Instructions Material Review
- NOP 205.600 National List of Allowable and Prohibited Substances  
Thru 205.606
- GCIACP Appendix I: Policy Defining Inputs

By signing below, I attest to understanding and implementing the requirements noted in the above NOP rules and the GCIACP Policy Manual, Appendix I. Furthermore, I attest that understand the requirement to identify and remove any animal not in compliance with the above from organic certification.
