Organic Livestock Feeding Record

Farm name:

Use this form to record actual feed rations fed on each date to each type and class of ruminant or non-ruminant livestock throughout the year. (Feeding records are useful for feed audits for all types of livestock. In the case of ruminant livestock, records of actual feed rations fed during the grazing season will assist in calculating ruminants' Dry Matter Intake from pasture.)

Check one: Ruminant ☐ Non-ruminant Livestock ☐ **If dairy, indicate: milking** ☐ **dry** ☐ **calves** ☐

Type and Class of Livestock: Number of Animals: Year:

Date(s)	Feed(s)	Total Fed/Animal/Day

Documentation should be available for inspection to support the information recorded by producers, including the following, as applicable: feed-production/feed-storage records; purchase invoices (bills of lading, weigh tags, etc); organic certificates (current copy) for all purchased feed; and labels of feed additives and feed supplements.

Organic Livestock Additive and Supplement Use Record

Farm name:

Use this form to record actual feed additives and supplements provided to each type and class of livestock whether they are added to feed, free choice, or administered in some other manner.

Date(s)	Feed Additive or Supplement	Delivery Method/Total Fed
